2026-07-22

Subject: Interregional Training course on Advances in Microreactor Designs and Applications: Scalability and the potential for remote deployment, marine and space applications, St. Petersburg, Russian Federation, from 21 to 25 September 2026

Dear National Liaison Officer,

I am pleased to inform you, that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project INT2025, “Supporting Member States' Capacities on Small Modular Reactors, their Technologies and Applications (Phase II) as a Contribution of Nuclear Power to Climate Change Mitigation”.

The purpose of the event is to train the participants on the rapidly developing field of nuclear microreactor technology focusing on how concepts are designed, engineered, and evaluated, with emphasis on the specific attributes of technology that distinguish them from other reactor classes.

The attached Information Sheet provides further details, including technical and administrative aspects of the event. Selection of participants will be in accordance with IAEA procedures. Member States are strongly encouraged to identify women participants.

We would appreciate receiving your country's nominations by **12 August 2026** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Jing Zhang', with a stylized, cursive script.

Jing Zhang
Programme Management Officer
Division for Europe
Department of Technical Cooperation
