National Liaison Officers /

National Coordinators

2026-03-25

Subject: Regional Meeting to Identify Needs and Interests for Developing Capabilities in the Area of Safety Assessment of Advanced Nuclear Power Plants and Innovative Technologies, Vienna, Austria, from 13 to 17 July 2026

Dear National Liaison Officer / National Coordinator,

I am pleased to inform you, that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project RER9166, "Enhancing Safety Assessment of Advanced Safety Features of Nuclear Power Plants including Small Modular Reactors".

The purpose of the event is to identify and analyse national needs, priorities, and technical interests for strengthening safety assessment capabilities of advanced NPPs—including SMRs and innovative safety features—and to support the development of a coordinated regional approach that enhances safety demonstration and regulatory assessment capacities for innovative reactor technologies.

The attached Information Sheet provides further details, including technical and administrative aspects of the event. Selection of participants will be in accordance with IAEA procedures. Member States are strongly encouraged to identify women participants.

We would appreciate receiving your country's nominations by **19 April 2026** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'C. Jimenez', is placed over a faint, light-colored rectangular stamp or watermark.

Carmina Elizabeth Jimenez Velasco  
Programme Management Officer  
Division for Europe  
Department of Technical Cooperation
