

List of IAEA's New CRPs (27 January 2026 – 3 July 2026)

The Coordinated Research Activities website lists new CRPs open for proposals, which can be found at the following link: <https://www.iaea.org/services/coordinated-research-activities>.

All proposals received by the IAEA will be carefully considered. Enquiries concerning specific CRPs should be addressed directly to the IAEA's Research Contracts Administration Section, at: research.contracts@iaea.org.

New IAEA Research Project to Enhance Disaster Management with AI-Augmented Non-Destructive Testing

<https://www.iaea.org/newscenter/news/new-iaea-research-project-to-enhance-disaster-management-with-ai-augmented-non-destructive-testing>

IAEA Launches International Project on Practical Applications of Plasma Science and Technology

<https://www.iaea.org/newscenter/news/iaea-launches-international-project-on-practical-applications-of-plasma-science-and-technology>

New IAEA Research Project Uses Machine Learning to Better Predict Polymer Changes under Radiation

<https://www.iaea.org/newscenter/news/new-iaea-research-project-uses-machine-learning-to-better-predict-polymer-changes-under-radiation>

New IAEA Research Project to Support Development of Advanced Nuclear Fuels

<https://www.iaea.org/newscenter/news/new-iaea-research-project-to-support-development-of-advanced-nuclear-fuels>

New IAEA Research Project to Improve Cultural Heritage Authentication and Provenance Techniques Using Nuclear Science

<https://www.iaea.org/newscenter/news/new-iaea-research-project-to-improve-cultural-heritage-authentication-and-provenance-techniques-using-nuclear-science>

New IAEA Project to Advance Terbium-Based Radiopharmaceuticals for Improved Theranostics

<https://www.iaea.org/newscenter/news/new-iaea-project-to-advance-terbium-based-radiopharmaceuticals-for-improved-theranostics>

New IAEA Project to Develop Novel Stimulus-Responsive Radiopharmaceuticals

<https://www.iaea.org/newscenter/news/new-iaea-project-to-develop-novel-stimulus-responsive-radiopharmaceuticals>

IAEA Launches Project on Smart Biomaterials for Next Generation Health Care Products

<https://www.iaea.org/newscenter/news/iaea-launches-project-on-smart-biomaterials-for-next-generation-health-care-products>

New Research Project Targets PFAS Risks in Farm Soils

<https://www.iaea.org/newscenter/news/new-research-project-targets-pfas-risks-in-farm-soils>

Advancing Modelling Tools for Safer and More Efficient Food Irradiation

<https://www.iaea.org/newscenter/news/advancing-modelling-tools-for-safer-and-more-efficient-food-irradiation>

IAEA Launches New Research Project on Dietary Protein Quality and Requirements

<https://www.iaea.org/newscenter/news/iaea-launches-new-research-project-on-dietary-protein-quality-and-requirements>

New Research Project on Combatting Transboundary Crop Diseases

<https://www.iaea.org/newscenter/news/new-research-project-on-combatting-transboundary-crop-diseases>

Nuclear Science Boosts Crop Nutrition and Climate Resilience

<https://www.iaea.org/newscenter/news/nuclear-science-boosts-crop-nutrition-and-climate-resilience>

Optimizing the Design of Experiments for Fuels and Materials Testing in Research Reactors

<https://www.iaea.org/projects/crp/t34006>

Contribution to the Research on Advancing Surveillance and Control Techniques Against the New World Screwworm

<https://www.iaea.org/projects/crp/d42019>

List of IAEA CRP Success Stories (27 January 2026 – 3 July 2026)

Meanwhile, for further information, below is a CRP completed successfully and published in the form of success stories.

Safer Pest Control through Improved Genetic Sexing in the Sterile Insect Technique

<https://www.iaea.org/newscenter/news/safer-pest-control-through-improved-genetic-sexing-in-the-sterile-insect-technique>

IAEA Study Reveals Global Potential of Image-Guided Cervical Cancer Treatment

<https://www.iaea.org/newscenter/news/iaea-study-reveals-global-potential-of-image-guided-cervical-cancer-treatment>

IAEA Research Project Strengthens Understanding of Advanced Fuel Behaviour

<https://www.iaea.org/newscenter/news/iaea-research-project-strengthens-understanding-of-advanced-fuel-behaviour>

IAEA Helps Countries Enhance Coastal Management Using Natural Radioactivity Mapping

<https://www.iaea.org/newscenter/news/iaea-helps-countries-enhance-coastal-management-using-natural-radioactivity-mapping>

Protecting Seafood Security by Assessing the Impacts of Ocean Acidification

<https://www.iaea.org/newscenter/news/protecting-seafood-security-by-assessing-the-impacts-of-ocean-acidification>

Using Nuclear Techniques to Reveal Ocean Change and Protect Marine Health

<https://www.iaea.org/newscenter/news/using-nuclear-techniques-to-reveal-ocean-change-and-protect-marine-health>
